EDGE Box2
User Manual

Product Overview

Effortless Efficiency Endless Possibilities

Introducing EDGE Box2 family – a compact and stylish design that challenges the norm of traditional vape products. The device comes with a button-activated function, catering to different scenarios while the large visible oil window fulfills oil-observing needs. Reoregin ™ Ceramic coil is perfectly compatible with diverse types of cannabis oil especially D9, delivering the exceptional smoothest atomization experience. It can be equipped with a 1-2mL customized oil tank, allowing for maximized flexibility. The size and shape of the visible window can also be customized to fit your brand identity. With EDGE Box2, you can stand out and build user loyalty with a unique brand image. Get EDGE Box2 series, experience the ultimate in cannabis vaping.

Reoregin™ Technology
Back to the Ultimate Freshness

BioBaleen™ Module
